APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 53125 is issued subject to the terms and conditions imposed in said Permit 53125 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The well must be sealed with cement grout, concrete grout or neat cement from ground level to 100 feet.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.0743 cubic feet per second, but not to exceed 2.0 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

April 25, 1999

Proof of completion of work shall be filed before:

May 25, 1999

Application of water to beneficial use shall be filed on or before:

April 25, 2000

Proof of the application of water to beneficial use shall be filed on or before:

May 25, 2000

Map in support of proof of beneficial use shall be filed on or before:

## Item 15. Remarks -

The intent of the applicant is to develop a small system to avoid individual wells. The proposed point of diversion is the same as the well under irrigation Permit 60682.

Please use maps on file at the Division of Water Resources under Application 60682 to support the proposed point of diversion and place of use and under Application 51751 to support the existing point of diversion and place of use.

The applicant is entering into an agreement to purchase this water from John and Martha Barneson. Upon approval of this application by the State Engineer, the deed will be executed, a Report of Conveyance filed, and the portions of supplemental Permits 53124 and 53126 will be withdrawn.
